Said he, "Bill Taft, I'm here some more,
Git out; my house, vamoose, skidoo,

Quail Not Plenty

Reports from all over the State as to the
crop of quail indicate that the severe snow and
freezing weather in the early part of the year
killed the birds by the thousands, and that the
crop this season will be far below the aver-
age. The open season for quail begins No-
vember 15th, and already the sportsmen are
getting ready for the sport.

Missouri Tobacco To Be Sold in Kentucky

A number of tobacco growers from Missouri
arrived in Kentucky last week to arrange for
the sale of tobacco raised in that state. It is
said that nearly the entire crop of Burley
tobacco raised in Missouri this year will be
offered at the loose leaf markets in the Blue-
grass region of Kentucky.

The Missouri crop of tobacco this year is an
unusually large one, and will aggregate be-
tween ten and twelve million pounds. The
quality of the weed is said to be excellent.
A large quantity of this tobacco will come
to the Maysville market.

CRUELTY TO ANIMALS

Gospel of Kindness is Working Out
Good Results in Maysville

After an inspection tour of points about the
city where horses and cattle were being shown
on County Court day, the Committee on
Cruelty to Animals of the Humane Society take
pleasure to report having observed no mis-
treatment whatever and everything was appar-
ently carried on in an approved manner.

We hope that the future sales will be
conducted on the same principle.
Nothing calls forth more righteous indigna-
tion than the sight of a poor, half-fed, over-
worked horse being mistreated.

It is our aim to better the treatment of
animals and set a higher standard of thought
and action and we ask your co-operation in
this work.

A Joke On the Senator

Pineville Sun.

Senator W. O. Bradley, who spoke at Harlan
on last Monday, spent several hours in this
city waiting for a train to take him to Corbin.
The same evening a vaudeville show was
booked for the Princess Theater, and to adver-
tise the attraction Manager DeRose of the
Princess, secured the services of the Pineville
band to play a number of selections on the
street before the time of beginning the show
at the Theater. The band boys, in their
rounds, stopped at the Pineville Hotel and
rendered some choice music. Senator Bradley,
who was stopping at that popular hostelry,
thinking that the music was in his honor,
came out and in an eloquent address lasting some
twenty minutes, thanked the boys for the
serenade. The members of the band were
taken by surprise, and 'twas sometime before
they grasped the situation, but they stood it
out, and the Senator finally retired, and we
suppose is yet in ignorance that the music was
meant to advertise a performing monkey.
